## Products and services 2022

### EZ Lessons (IEB / CAPS and Cambridge)

Need more personal help? Book your online lessons or revision workshops with an experienced subject specialist teacher.

#### Accounting: Barbara Williamson (BCom, HDipEd)

Over 25 years' teaching and tutoring experience, authored the EZ Learn guides and was an IEB Accounting examiner from 2010 to 2013. Experienced in teaching Accounting, Business Studies and Economics in CAPS, IEB, Cambridge and a number of universities' first year courses.

#### Economics, A level Business: Linda Wilson (BEcon)

Corporate and NPO experience, over 5 years' teaching experience in Cambridge and Edexcel IGCSE to A level Business, Economics and Environmental Management.

#### IGCSE and AS Business: Natacha Harvie (BCom, PGCSE)

Over 10 years' teaching experience in CAPS and Cambridge Business, Accounting and ICT, including special needs.

### EZ classes

Weekly 45-minute online group lessons are available in small classes of up to only 6 students.

Rates include:

- Online Zoom lessons personalised to students' needs.
- Private access to lesson recordings in case a lesson is missed or needs to be reviewed.
- EZ Learn guides (IEB) or EZ Classroom (Cambridge).
- A personalised work and revision plan, with all work being monitored and feedback given.
- Ongoing support for questions and help via WhatsApp.

Classes run from January through November and are charged at R1 000 per month per student.

### Individual lessons

Ad hoc individual lessons can be booked for crisis control or to orientate a student where a class is joined mid-year. Individual lessons are charged at R500 per hour (or part thereof).

## EZ Guided Classrooms

Although we find the all-inclusive EZ Lessons package to be the most effective for the majority of our students, there are some who are able to work independently but would like guidance and feedback on their work. The Guided option provides a solution midway between the Basic Classroom and the EZ Lessons package. Rates include

- EZ Learn guides (IEB) or EZ Classroom (Cambridge).
- A personalised work and revision plan, with all work being monitored and feedback given.
- Ongoing support for questions and help via WhatsApp.

Note: This option is ONLY available to students who are able to achieve approximately 75% for their assignments, at the discretion of EZ Learn. Students who are not coping will be required to upgrade to the EZ Lessons package where further intensive guidance can be given, or de-register.

## Revision workshops

Revision workshops usually run over one or two mornings from 09h00 to 12h00. They consist of a set of sessions covering each of the main topics, but can be tailored to suit the specific needs of a group. Sessions are charged at R450 per student per morning. A minimum of 6 students is required to book your own customised workshop.

Rates include:

- Crash course notes
- A selection of past paper questions
- Private access to the recordings of the workshop sessions.
- Ongoing support for questions and help via WhatsApp.

# EZ Basic Classrooms (Cambridge)

For students who already have their own teacher, the EZ Classroom option offers all the required resources and assignments to supplement what they are doing and help them to master the concepts and skills needed. A 30-week course has been carefully designed to ensure both content and exam questions are covered throughout the year, ensuring students are well-prepared for their examinations. Material is posted on the versatile Google Classroom platform with weekly instructions, textbook references, links to relevant videos and other resource material, and assignments of past paper questions by topic throughout the course. Available for Accounting, Business and Economics IGCSE, AS and A level.

## Sources and recording of data

 **Week 1: The purpose of accounting**  2 Edited Jan 11

Watch this video which explains all the work for this week, and works through each role play, game and activity. You might like to watch it in bits, pausing to read the relevant notes and do the exercises along the way.

Work through the notes, activities and exercises in the attached file.

- 1.1. EZ Learn role play (to make you think) and notes (attached)
- 1.3. Monopoly game (yes really - set aside time to play with your family or friends) and notes
- 1.5. Smarties Activity (add Smarties and Jelly Tots to the shopping list - you will need them. Yes, really.)

## EZ guides (IEB / CAPS)

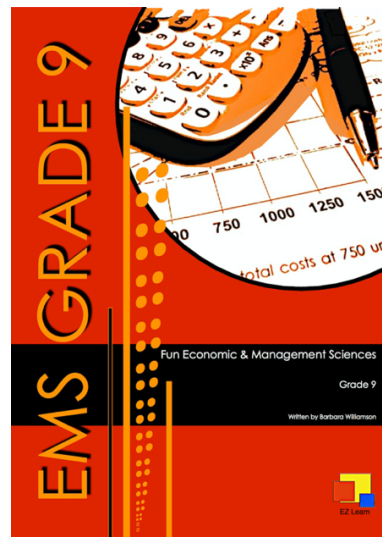

**FREE access to Google Classrooms** with the purchase of each EZ guide, providing you with additional online material. These support resources include ready-made lessons, quizzes and other self-marking tests, presentation slides, links to relevant videos or other resource material and complete solutions to the EZ guides.

### Fun Economic & Management Sciences

**Where debits are Smarties and credits are Jelly Tots ...** who can resist learning? EZ Learn's Fun EMS guides include a fun introduction to Business Studies and Economics in the FET phase while giving learners a strong foundation in Accounting. The emphasis is on having fun in the classroom, and the guide is filled with activities to interest learners while giving them a practical and relevant introduction to commercial subjects. The learners' guides are laid out so that they are easy for learners to work from. Basic notes are highlighted for future reference and the workbook format makes everyone's lives easier.

### EZ Learn Accounting

EZ Learn's Accounting daily learning guides approach the subject in an exciting yet simple way that is fun and easy to understand, showing learners the reasons behind the methods used. Once they have grasped the basics, the exercises move on to more advanced, challenging activities requiring higher order thinking skills. Creative and fun activities, articles, and projects give colour to this 'grey' subject, making it interesting, relevant and practical. The workbook format makes completing exercises much easier for students. Solutions are available online in the Google Classroom so that they are able to check their work and identify problem areas as quickly as possible. This also means less valuable class time is wasted on marking. Additional resource material and links to videos can also be accessed using the Classroom link provided in the EZ guide.

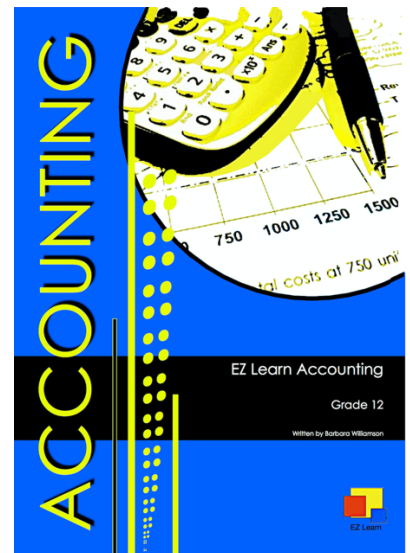

The guides are regularly updated to stay in line with curriculum changes. **The 2023 version will include the many changes to the IEB SAGS.** In addition, we are translating the **daily learning guides into Afrikaans.** For those schools looking for a bilingual option, why not give these a try?

## EZ Revision Accounting

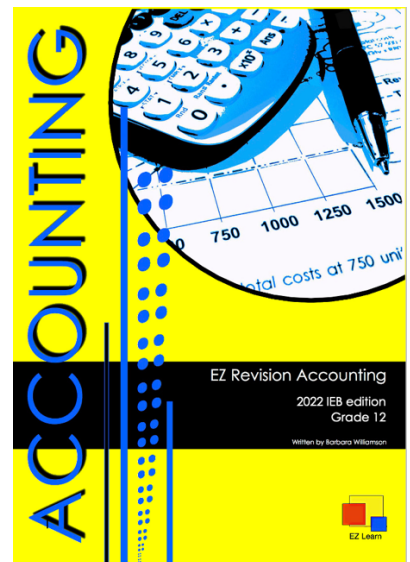

The revision guides have proved very popular since their introduction a number of years ago. They include IEB and original paper questions, as well as original exam paper questions. The questions are separated into the different sections taught, with each chapter being introduced with a crash course on that section, including special exam tips. Accounting specific study skills and a specially designed revision plan are also included. The guides are in workbook format, and complete solutions in the Google Classroom include helpful hints.
